

Vishwajeet Kumar

Software Engineer

Phone No.: 7352447600 | Email: ind.vishwajeet@gmail.com | Portfolio: vishwajeet.site | [GitHub](#) | [LinkedIn](#)

Summary

Software Engineer and MCA student (2024–2026) with experience building and deploying full-stack applications using Next.js, React, Node.js, and PostgreSQL. Skilled in API development, authentication systems, and database design. Demonstrates practical ability to design, build, and deploy maintainable systems.

Projects

1. Woodsphere - Furniture E-Commerce Platform (Deployed)

Link: <https://woodsphere.vercel.app/>

Tech: Next.js 15, TypeScript, Prisma, PostgreSQL, NextAuth.js, Material-UI, Vercel

Key Contributions:

- Developed a full-stack e-commerce application using Next.js Server Components for optimized rendering.
- Built a custom admin CMS (“HQ Dashboard”) enabling dynamic site content and menu updates.
- Designed relational database schema using Prisma and PostgreSQL for managing users, products, and configurations.
- Implemented authentication and role-based access control using NextAuth.js for secure admin operations.
- Deployed the application on Vercel with integrated database and email services.

2. Portfolio - Personal Developer Website (Deployed)

Link: <https://www.vishwajeet.site/>

Tech: Next.js, Tailwind CSS, Sanity, Vercel

Key Contributions:

- Developed a personal portfolio website to showcase projects, skills, and technical work.
- Implemented responsive UI using Tailwind CSS for structured and consistent layout.
- Integrated Sanity CMS for managing and updating portfolio content.
- Deployed the application on Vercel for live access and hosting.

Education

JSS University, Noida, Uttar Pradesh

2024 - 2026

Master of Computer Applications (MCA)

CGPA: 7.1

Arcade Business College, Patna, Bihar

2020 - 2023

Batchlor of Computer Applications (BCA)

Percentage: 62.8 %

Skills

Core Skills: JavaScript (ES6+), TypeScript, React.js, Next.js, Node.js, REST APIs, PostgreSQL, Git

Frontend: HTML5, CSS3, Responsive Design, Material-UI, Tailwind CSS

Backend & APIs: Node.js, API Integration, JSON, Firebase

Cloud & Deployment: Vercel, Firebase, Netlify, AWS (basic)

Databases: PostgreSQL, MySQL, Oracle Database

Mobile Development: Android (Java, Kotlin), XML UI, Jetpack (LiveData, ViewModel, Room)

Testing: Jest, React Testing Library, Postman, JUnit, Espresso, Manual E2E

Core Computer Science: Data Structures & Algorithms, OOP, Operating Systems, DBMS

Tools: GitHub, Postman, VS Code, Android Studio, Linux, Shell Scripting

Achievements and Certifications

- Delivered and deployed a production-grade full-stack application independently
- Owned system design, integration, and deployment lifecycle
- Stabilized and shipped an AI-assisted codebase into a working product
- Java Certification — LinkedIn (2024), Udemy (2023)
